Please see the back of the form for the elective offerings for the 2024-25 school year. Bolded classes denote what is typically taken freshman year. Introduction to Computer Science and AP Computer Science both meet the new state graduation requirement in computer science. Please note that if you do not take one of these courses in 9th grade you will need to choose a computer science course in a future year in order to graduate.

**ELECTIVES:** Select four elective classes and number them 1 through 4 with **1 being the elective you want most and 4 being the elective class you want least.** In 9th grade 6 classes will be core or required classes. Most students will have 2 elective courses based on preferences and class availability. Teacher approval may be required. **AP classes and standard courses will require teacher initials as recommendation.**
